

OLE Recruitment

Coyle Rail's OLE division is dedicated to providing temporary, permanent and contract solutions for employers. Our expertise in this field allow us to offer a full and professional service.

At Coyle we know how important safety is, even though we offer a cost effective service all our Isolation personnel are of the highest quality. Our quality assurance system ensures these standards are constantly maintained.

In addition to Isolations, we are also able to offer overhead line construction and maintenance staff.

Our OHLE staff have a high level of expertise and knowledge that can assist in bringing projects in on time with high-quality workmanship.
