

Telecoms Recruitment

Coyle are experts in recruiting for the telecoms industry, working with some of the largest contractors on some of the biggest projects in the UK.

With specialist telecoms recruiters working all over the country, we have access to a large database of highly-skilled telecoms professionals. This allows us to quickly source competent workers for our clients, on a temporary, contract, or permanent basis.

Our telecoms consultants are experts in the sector, meaning they can understand our clients' specific needs and deliver a tailored service to meet any requirements.

Our telecoms workers come from a mixture of ethnic, academic and social backgrounds, and benefit from ongoing training, development and mentoring to help shape an exciting career.

Coyle Telecoms staff can support all project requirements, including design, surveying, cabling, testing, commissioning, splicing and more.
